

6FT Tabletop Wave Series Curved Frame To Install

STEP 1:

Connect all the pipes together, according to the sticker number on each pipe. Make sure it is same sticker number before you joint the pipes.

For example: ⑦ on the Corner sections(C) meet the ⑦ on the Curved Pipes(B).

STEP 2:

Put the graphic on the frame, just like you put a pillowcase on a pillow.

STEP 3:

Make sure the teeth of zipper was close to each other before zip it up.

STEP 4:

Hand-tight the LED light (E) on the top of frame, and connect with the power cord.

Please Note:

Don't make the lights too tight on the frame, as it will probably damage the graphic!
